About us

Nugent Adoption is a registered and approved Independent Adoption Agency in the West of England. Nugent became a Registered Adoption Agency in 1950 and has been involved in placing children for adoption for over 70 years.

We provide a welcoming team of professional and dedicated social workers in all areas of adoption. Our aim is to increase the opportunities for children with a difficult start, to enjoy a positive, safe and secure family life.

We pride ourselves on providing a friendly, responsive service and supporting adopters through the adoption process making them feel valued. We hear from potential adopters regardless of their gender, age, sex, ethnicity or marital status. We are Ofsted registered and we work in partnership with local authorities in England, Wales and Scotland to help them deliver services to some of the most vulnerable children in their care.

We also have many years of experience in assessing prospective adopters from overseas and are in partnership with IAC – The Centre for Adoption Support and Training for these families. As well as this we offer on-going support to all those who are adult adoptees who wish to access their adoption records, as well as help to trace their adopted relatives.

We are members of CoramBAAF, the Consortium of Voluntary Adoption Agencies in the UK.

We hope you enjoy reading more about adoption; if you have any
